By DOROTHY HALEY

Mr. and Mrs. J. R. Bonds entertained with a Thanksgiving dinner for Mr. and Mrs. C. G. Pond and sons, Mr. and Mrs. Clarence Hagar, and Mr. and Mrs. Everett Trout and Wayne. It was the first time in over 32 years that these four sisters had been together on this occasion.

Pvt. Jerry Pat Pond, son of Mr. and Mrs. C. G. Pond, returned recently from Fort Ord, Calif., where he had been with the Army for the past six months. He will enter West Texas State College in January.

Sgt. and Mrs. John Campbell and daughters left today for Louisville, Ky., where they will visit relatives until after January 1.

Dr. and Mrs. Manly Bryan attended the American Medical Association meeting in Dallas last week.

Mr. and Mrs. J. W. Spencer were recent visitors to their old home town, Alvord, Texas, where they visited with relatives and friends.

Mr. and Mrs. Lonnie Byars returned Wednesday from a trip to Bentonville, Ark., where they visited with the Clarence Bauers and a number of former Canyonites, including the Joe Babers and the J. J. Wrights.

Mrs. Martin Phillips of Olton is visiting her mother, Mrs. Worth Jennings, Sr.

Mr. and Mrs. J. D. Byrd and children spent the weekend with her parents in Lookaba, Okla.

A. M. and Bill Cunningham were quail hunting near Seagraves Monday.

Mrs. Gladis Samples is working at Thompson's.

Mr. and Mrs. Riley Troth and Jo, and Jan and Jill Jarnagin attended the Clarendon Junior College and Midwestern basketball game at Clarendon Saturday night.

Mrs. C. A. Pruitt and Mrs. Henry Wiggins are working at T. A. Blacks.

Mr. and Mrs. Bill Boston and children, David and Carol, of Lubbock visited with his parents, the Murray Bostons, over the Thanksgiving holidays.

Mr. and Mrs. E. E. Weaver of Tucuman, N. M., visited over the weekend with her daughter and family, the Benny Coopers.

Mrs. Joe Hawkins is working at Hosea Foster Insurance Agency.

Mrs. Hilton McClelland of Gilmer is visiting her son, Dr. Robert McClelland. Mrs. Bob McClelland has been visiting friends in Jackson, Miss., but will return this week.

Mr. and Mrs. C. V. Lowe of Gruver were guests in the G. B. Combs home over the weekend.

B. R. JONES

## Precinct 1 Job Sought by Jones

B. R. Jones, 4127 Ong Street in Amarillo, has announced his candidacy for the office of county commissioner of Randall County, Precinct No. 1.

Jones, a past president of the Texas Panhandle Home Builders Association, said:

"My experience in home building, development and management, I believe, qualifies me for this most important office of county commissioner. I will approach all problems of the county government with an open mind, and will do my utmost to represent the people of Randall County with fairness and equity."

"It shall be my obligation as county commissioner to insure equal taxation for all citizens of Randall County. I believe that no selected group of our citizens should be required to bear the tax burdens for which all are responsible and that no particular group in our county should be taxed because of unrealistic arbitrary classifications. I shall ascertain any tax inequities existing in our county and do my utmost to correct any such inequities or injustices."

The candidate is a native of Amarillo. He was graduated from Amarillo High School, attended Amarillo College and was graduated from West Texas State College in 1951.

He is a World War II veteran, having served with the U. S. Marines in the Pacific theater.

He is 33 years old. His wife's name is Cloyce and they have two children, Glenna, 7, and Steven, 5.

His several business interests center in South Amarillo, approximately half of which lies in Precinct 1 of Randall County. His interests include management of the South Lawn Plaza Shopping Center on South Washington.

Jones is a past president of the South Amarillo Lions Club.

## Little League Meeting Set Thursday at Dr. Jarrett's

A meeting of those interested in Little League baseball has been called here for Thursday at 7:30 p. m. in Dr. R. P. Jarrett's office.

Officers will be elected and plans outlined for the coming year. Coaches, managers, and others interested in the development of Little League baseball in Canyon are urged to attend the meeting.

## 3 Prizes Awaiting Shoppers

The second of three weekly Canyon Bank Day drawings will be held Saturday at 3:30 p. m. in front of the Olympic Theatre on the north side of the court house square.

Bank certificates are awarded each week to people who do their Christmas shopping in Canyon. Certificates this week will be for \$75, \$25, and \$10.

Winner of the first place prize last week was Mrs. M. E. Davis, who received a \$75 Bank Day certificate.

Mrs. George Crawford was awarded a \$25 certificate for second prize, while Mrs. Marcus Conway took a \$15 certificate for third place, and Mrs. F. D. Pettit won a \$10 certificate for fourth place.

### No \$15 Certificate

The \$15 certificate will not be awarded this week, Roland Black, executive secretary of the Chamber of Commerce, said.

The third drawing will be held Saturday, December 19.

Certificates awarded winners in the drawings are redeemable in trade at any of the participating merchants.

A customer receives one ticket for each \$1 purchase at the participating firms. There is a limit of 300 tickets on any one purchase.

Shoppers must be present at the drawing to win one of the prizes. The Bank Day drawings are sponsored by the Canyon Chamber of Commerce.

### Participating Merchants

Merchants participating in the Bank Day affairs are Bruce Blackaby Ford, McDonald's Shop, Consumers Elevator, B. C. Taylor Service Station, Jennings Men's Wear, Taylor and Sons Food Store, Cole and Moore Service Station, Buffalo Food Store, Taylor-Evans Farm Store, Bellah's Super Market, H. R.'s Greenhouse, Henschel's Feed and Farm Supply, Cunningham Appliance, Sternberg Lumber Co., Radio Appliance, Burrow Lumber Co., and Warren's.

Also J. J. Walker Prescription Lab, Canyon Cleaners, The Pharmacy, T. A. Black Dry Goods, Western Auto, Cooper's Market, Cheatham Clothier, Anderson Appliance, Jennings Dress Shop, The Canyon News, M. E. Moses, Thompson's of Canyon, and Canyon Drug.

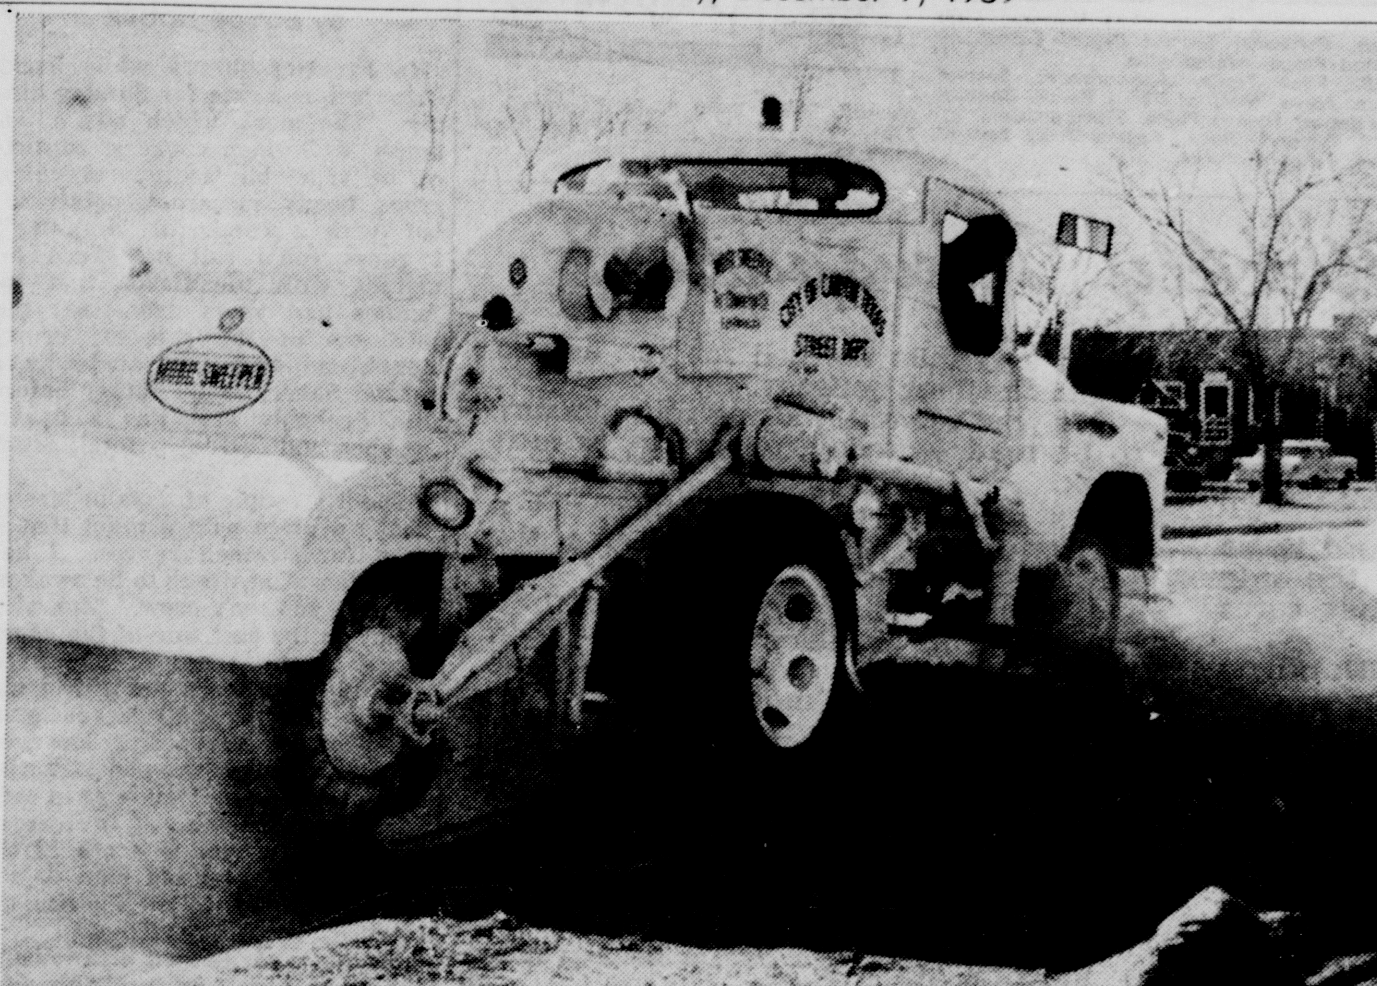

## Santa Worried About Letters

Santa Claus has received a number of letters from boys and girls in Canyon, but he's worried about the children who haven't written him.

He told The Canyon News to collect all the letters to him and forward them to the North Pole so that he might know what each boy and girl wants for Christmas.

He also instructed The Canyon News to print all the letters to him in its big Christmas edition.

So you had better write now if you want Santa to get your letter.

If the City of Canyon's new street sweeper hasn't been down your street yet, it will just be a matter of time, Herschell Stevens, recently appointed city manager, said this week. Members of the street department this week began a drive to clean every paved street in town with the newly-acquired machine. One man and the new sweeper now does the work it took three men and three machines to do in the past. The city received the sweeper last Thursday.

## Unique Murder Play Set for Auditorium

A gripping courtroom drama, with 12 Canyon residents sitting as the jury, will be staged Thursday and Friday by the senior class of Canyon High School.

The play, "Night of January 16," actually is the trial of one Karen Andre, portrayed by Carol Jones, who is accused of murder.

Howard Mundy as defense attorney Stevens defends Karen, while Bill Cornette as prosecuting attorney Flint seeks a guilty verdict.

### Juries to Hear Case

Two separate juries, one for each night, will hear the case, supposedly to decide Karen's fate.

The play will be presented each night at the high school auditorium. Curtain time is 8 p. m.

Others in the case include Judy Parsons as the widow of John Faulkner, the man Karen is supposed to have murdered; Ronnie Hughes as the judge, Louis Camp as the court clerk, and Chuck Nester as the bailiff.

### Other Cast Members

Also in the cast are Mary Bess Brillhart as district attorney Flint's secretary, Linda Green as the defense attorney's secretary, Mike Poole as Dr. Kirkland, Marla Free as Mrs. John Hutchins, Neal Lemons as Homer Van Fleet, Garry Foster as Elmer Sweeney.

Also Barbara Whitely as Madge Svenson, J. G. Wells as John Graham Whitfield, Billie Miller as Jane Chandler, Don Guill as Sigurd Jungquist, Ted Abbott as Larry Reban, Stephanie Conboye as Roberta Van Rensselaer, and Marilyn Winn as the stenographer.

Mrs. Lee Foster is director of the play.

### Jury Duty Drawn

Serving jury duty Thursday night for the seniors will be Mrs. Clay Cooper, Rev. Donald Price, Marion Higdon, Miss Annette Dugan, Delbert Lowe, Dr. R. A. Neblett, Mrs. George de Schweinitz, Wilford Taylor, Jr., Mrs. E. J. Cundiff, J. D. Barker, Mrs. W. E. Miller, and L. S. Johnston.

Friday night's jury will consist of Mrs. Felix Pierce, Dr. Joe Findley, Mrs. Bill Knighton, A. W. Lair, Dr. Crannell Tolliver, Mrs. Clyde Warwick, Dr. R. P. Jarrett, Bob Wear, Mrs. Murphy White, Bruce Winn, Dr. Charles Nester, and A. C. Haley, Jr.

## Canyon Students In Regional Band

Eight Canyon High School band members were selected for the all-region band last Thursday—and three were selected as alternates for the all-state band on Saturday.

Named to the all-region band were Judy K. Wilson and Mary Barger, french horn; Pat Haley and Dorothy Higdon, oboe; Ann Guthrie, clarinet; Phillip Waters, tympani; Weston Moore, baritone horn, and Nancy Cleavinger, flute.

Miss Haley, Moore, and Walters were chosen as alternates for the all-state band.

The all-region band is composed of students from throughout the Texas Panhandle. Tryouts were held last week in Dumas, and the all-region band presented a concert at the Dumas High School auditorium Saturday night.

Directing the band was A. Clyde Roller, director of the Amarillo Symphony Orchestra. A number of Canyon residents attended the concert.

## Mrs. Huffines Injured in Wreck

One person was injured slightly in a two-car accident at the corner of Fourth Avenue and 16th Street Monday at noon.

Mrs. Charles Huffines, 305 Fifth Avenue, suffered a broken left arm when the car which she was driving struck the westbound car of Bryan Wayne Ford, a West Texas State College student. Ford, who was driving west on Fourth Avenue, was not injured.

Mrs. Huffines, who was driving north on 16th Street, was treated at Neblett Hospital and released.

## Planners For City Pondered

Appointment of a long-range planning commission for the City of Canyon was postponed by city commissioners in their Monday night meeting.

The delay will allow Mayor Charles Donnell to sound out several leading citizens on their willingness to serve on a committee to plan beautification and improvement projects for Canyon.

The city commissioners discussed the possibility of appointing the board of directors of the Chamber of Commerce as the planning commission and delegated Donnell to consult with the board at its next meeting December 17. Donnell was authorized to consult with the board members individually if the board as a group felt it could not assume the extra responsibility.

### Feels Work Duplicated

A planning commission, with a membership of from nine to 15 city property owners, is required under the home rule charter adopted by Canyon voters in June. The Chamber of Commerce board has 12 members serving staggered terms.

If any of the 12 directors does not meet the property qualification, he would be ineligible.

Commissioner Lowell Harrison said he thought the city would "just be duplicating work" if it attempted to appoint a separate group.

Commissioner Delbert Lowes wondered if the board of directors would slight the work of the planning commission because of the burdens of Chamber of Commerce duties.

### "Peeping Tom" Ordinance

In other action, the commission tabled a "peeping Tom" ordinance until Herschell Stevens, who was officially named city manager at the previous meeting, could consult with the city attorney on the possibility of including West Texas State College dormitories in the jurisdiction of the ordinance.

Since WT is state property, it is not included in the City of Canyon.

### Telephone Service Action

Complaints about long distance telephone service voiced at Monday's meeting resulted in four men being assigned to "clear up the situation as soon as possible." Mayor Donnell said yesterday.

Donnell said O. A. Thomas of the Southwestern Bell Telephone Company told him the company had not been aware of the situation until Tuesday.

The commissioners voted to take out an additional \$4,000 insurance on the city street sweeper, and paid monthly bills.

## Building Permits Total \$32,896

Seven building permits totaling \$32,896 were issued during the month of November by the City of Canyon.

Permits issued were: Mr. and Mrs. C. F. Allen, addition to residence, 908 Eighth Avenue, \$1,000.

Elmer Keahey, remodel residence, 407 18th Street, \$500.

Paul McCain, private garage, 1800 First Avenue, \$196.

Worth Jennings, remodel store building, 413 16th Street, \$2,500.

American Petrofina, service station, corner of 23rd Street and Seventh Avenue, \$22,000.

R. R. Rigsby, remodel residence, 1111 Sixth Avenue, \$200.

Mrs. Jewell Woodward, 2311 Eighth Avenue, erection of residence, \$6,500.

## Crusaders Slate Christmas Dinner

Turkey, dressing, and all the trimmings are on the menu at the traditional Christmas dinner Sunday at the Canyon Elementary School cafeteria.

The dinner is sponsored each year by the Crusader Class of the First Methodist Church of Canyon.

Serving hours for the meal are from noon until 2:30 p. m. Cost is \$1.25 for adults and 75 cents for children.

Proceeds from the dinner will go to the Canyon Community Center fund.

In addition to turkey and dressing, cranberries, green beans, hot rolls with butter, tossed salad, homemade pies, and coffee and milk are on the menu for the dinner.

Lynda Burkett, second from right, daughter of Mr. and Mrs. J. D. Burkett, was honored Saturday night as one of the runners-up to West Texas State College's "Most Beautiful" coed. Miss Burkett and the other finalists were feted at the annual Beauty Dance held last Saturday at WT. Selected as WT's most beautiful coed was Gaynelle Leatherman, Perryton sophomore, seated. Runners-up were, from left to right, Karen Bell of Dimmitt, Vada Bell Woods of Wellington, Barbara Shepard of Amarillo, Miss Burkett, and Rozelle Marcy of Spur. Miss Burkett is a sophomore business education major, and is a graduate of Canyon High School.

Doyle Thomas, left, office manager of the local Agricultural Stabilization and Conservation Service, interviews M. B. "Farmer" Brown at a stop on the one-day tour of Panhandle farms, held last Thursday for Marvin McClain, assistant secretary of agriculture. Eight of the 14 farms viewed by some 100 businessmen on the tour were in Randall County.

## What's A Weekly Newspaper?

It's a yellowing clipping in a Bible telling of the birth of a baby who smiled but a little while, otherwise remembered only by parents and God.

It's your life history, and the life history of those you know.

It's your joys and sorrows, and those of your neighbors, recorded by the only news medium in the world that cares about you.

It's your conscience joined with others to form a guard against injustice by government.

It's the difference between you being an uninformed animal, or a human being, knowing and forming judgment based on facts made available to you easily, quickly and truthfully.

It's the support from which you ask and get the strength of many in furthering the welfare of your own world — your community.

It's the only medium that shows the future that your footprints were once made upon the shifting sands of time.

It's the bellringer at your birth, your marriage, and the birth of your child.

## Ike's New Farm Program

Secretary of Agriculture Ezra Taft Benson has revealed the outline of a new farm program. It will be the Eisenhower Administration's farm proposals for 1960 — as they are presented to Congress.

In brief, the Benson-Eisenhower program consists of five major points. First, an expanded program of retirement of land from crop production for the next five to 10 years would be sought by increasing the money allotted for this purpose.

Second, a new program of research aimed at finding new markets and new uses for farm products is to be undertaken. Third, a vigorous Seed Program would attempt to see that more of our surpluses were used to help supplement the food supplies of our friends abroad.

Fourth, a program would be undertaken to assist farms in the low income areas attain to a higher standard of living. This would be known as an expanded rural development program.

dren; and tolls the bell for you as you begin the long journey.

It's your servant, waiting your pleasure to be read — today, tomorrow, or next week.

It's a record of news tidings, not a carrier of only the commercialism of the market-place.

It's the record of the day when a fleeting moment of glory descended upon your house for all to remember and those who come after to know.

It's the handful of clippings that brings tears and fond smiles of remembrance to your children and children's children when on that eventual day they must share what was once you and yours.

It's you on your first day of school; and at your graduation.

It's you as a little boy, a bridegroom, and a father.

It's you as a little girl, a bride, and a radiant mother.

It's you — of you, by you, and for you.

## What Our Neighbors Say ...

# Scissor Snippings

George Dolan in the Fort Worth Star-Telegram: V. H. Torrance, the Texas history private eye whose scribbles usually can be found in the Sunday editions, is casting a wary eye these days toward Bracketville.

That, you know, is where John Wayne & Company are shooting the picture about the Alamo.

All Torrance knows about the picture is what he reads in the paper, but that's enough for him to suspect that the movie people are going to make a howling mess of it.

"Some time ago," says Torrance, "I read in the sports section that some former sports personage has a role in the show. He is to raise the Texas flag."

"There was no Texas flag!" The Alamo flag was the Mexican flag with '1824' stitched on it. They were fighting for the restoration of the Constitution of 1824.

"Then there was a story that they are having trouble with a herd of Brahman cattle. They should ask your Ranch and Farm Magazine staff when Brahman were introduced into Texas."

"And I read that someone has paid the University of Texas something like \$1,500 for permission to use 'The Eyes of Texas,' the university claiming to hold some jaw-bone copyright."

"With that last information, I can write the scene myself:

"It is a dark, cheerless, mizzling morning. The infantry of the Senior General Don Fernandez Castillon, chin straps down and all men wearing shoes or sandals, moves out of the dark and deploys into assault formation while the band plays a medley of 'La Cucaracha,' 'The Aggie War Hymn' and 'Oh, What a Beautiful Morning.'"

"As the band dies away, Castillon steps front and center, draws his snickersnee and bawls, 'For rad, Ho!' The troops raise their war whoop, 'Remember the Lusitania!' and surge to the attack."

"Here we shift to the interior of the mission. This ex-haliback is running around in circles looking for the flag."

"He suddenly remembers that somebody was using it to cover the crap table in the galley. He runs in, snatches it up and dashes

up the flag to nail 'er fast while 88s and trench mortars light up the scene.

"And on the north wall, that well-known barber shop quartet, Bowie, Bonham, Crockett and Travis, their arms around each others' shoulders, give us 'The Eyes of Texas.'"

The picture, Torrance figures, barely suppressing a shudder, will be a humdinger.

"Especially," he says, "with that herd of Brahman that are still in India, chewing gum in the background."

Cecil Waggoner in the Claude News: I had thought such archaic and sophomoric utterances as made by Sir Julian Huxley last week went out with the Charleston. But, of course, there are always those around who attempt to prove their brand of "wisdom" superior to that of ageless thinkers, philosophers, prophets, poets and mystics who have given us an abundance of evidence that man is submerged in the mind of the ancient days.

Without taking thought that God might well be an "evolutionist," Huxley, ignoring the tenets of history and science, expounded,

"There is no longer need or room for super-natural beings capable of affecting the course of events in the evolutionary pattern of thought. The earth was not created, it evolved."

Of course he did not explain what peculiar power started the evolving processes nor why an intelligent being, such as man, should have been the end product.

Using the symbols of some doubtful psychological thought, he further stated, "Evolutionary man can no longer take refuge from his loneliness by creeping for shelter into the arms of a divinized father figure whom he has himself created, nor escape from the responsibility of making decisions by sheltering under the umbrella of divine authority, nor absolve from the hard task of meeting his present problems and planning his future by relying on the will of an omniscient, but unfortunately inscrutable, providence."

Because he does not choose to step into the "heavens" to determine if an "inscrutable providence" is there, does not in the least prove it doesn't exist. In fact, if he were to take such a step he would be struck dumb with his own unutterable ignorance.

# Life In Hill Country of Texas Is Quiet, Relaxed, House Finds

By BOYCE HOUSE

In Fredricksburg a while back, I stopped at a cafe for Sunday dinner. The meal, which was a triumph of German cookery, consisted of vegetable soup, veal chop, green beans, macaroni, potato salad (with a wonderful "dressing"; I guess you'd call it), sliced tomatoes with the flavor that tomatoes had years ago — not the pithiness of the present; crusty light-bread that was made by a rotund baker, whose father before him probably also was a baker; peaches and coffee — total, \$1.05.

Spent a couple of days in Mason. That's a place with a quiet that is good for strained nerves. I had forgotten what it was to be awakened by a rooster's crow. The wide street on the east side of the courthouse is the route of the highway and there are no traffic signals, so crossing the street is something of an adventure; however, an "island" gives the pedestrian an opportunity to halt midway in safety and wait till the way is clear.

There had been a death in the town — a 92-year old man — and the church bell tolled for the services.

A group of men sat at a table in the courthouse yard, probably dominoes, maybe checkers. I was too indolent as I sat in a chair in front of the hotel to get up and find out.

Eight boys, in another section of the courthouse yard, engaged in a football skirmish. A row of white markers — somewhat like the boards in a "boothill" cemetery — gave the names of the varieties of grass being grown as a demonstration, I suppose.

A billboard, as one drives into Mason, proclaims that this is the home of Fred Gipson, author of "Old Yeller" and Hound Dog

Man" — truly, here is a prophet who is honored in his home country.

In the hotel lobby is a deer, reminding one that this is a great hunting region. A TV in the lobby brought a prize-fight, a crime story and "Have Gun, Will Travel." Actual happenings in the history of Mason would make the synthetic Western trite.

A rancher remarked to a friend, "You hear some men say they like to feed their cows. I don't. I don't even like to feed my horses. I'd let him just graze if that would do it."

After arising the second morning, I found that my car — parked in front of the hotel — had a flat. The owner of the nearby service station said, "I'm here alone till after church." By this time I had acquired the tempo of life in the Hill Country so I said, "Sure — when you can." "After all, that would be only two hours — and what's the hurry, anyway?"

## PUSH AHEAD

All men may be born equal, but a great many refuse to stay in the class in which they were born.

UNIVERSAL COMPLAINT  
A man wouldn't mind having his income taxed if he wasn't already taxed to stay within his income.

Only food and drink are affected by the high cost of living—happiness remains at the same old figure.

People who are always finding fault with others aim to drag them down to their level.

MRS. CHARLES W. CONATSER

### Bentley, Conatser Vows Read In Temple Baptist Church

Nuptial vows were solemnized in the Temple Baptist Church in Amarillo November 27 for Edna Maurine Bentley of Amarillo, daughter of Mr. and Mrs. H. I. Bentley, 4635 Hayden, Amarillo, and Charles Wiley Conatser, of College Station, son of Mr. and Mrs. Charles V. Conatser of Canyon.

Dr. Strauss Atkinson, pastor of the First Baptist Church of Canyon, read the double ring ceremony before arrangements of white gladioli and white chrysanthemums, backed by two pairs of candelabra and brown autumn oak leaves.

Mrs. Dorothy Baker, organist, played traditional wedding music. Rev. Winifred Walker, music and education director of the First Baptist Church in Enid, Okla., was accompanied by Mrs. Baker as he sang "Ave Maria," "Because," "The Lord's Prayer," and "Through the Years."

**Carry Bronze Chrysanthemums**  
 Bridesmaids were Mrs. J. D. Pavillard, sister of the bride, and Miss Lyndel Cox. They wore identical dresses of bronze iridescent taffeta, styled with fitted bodices, scooped necklines and bouffant skirts with large back bows.

The maid-of-honor was Miss Lona Bentley, sister of the bride, who wore a gold iridescent taffeta dress

identical to the bridesmaids' in design. They all carried bronze chrysanthemums and wore coronets of pleated net with face veils to match their dresses.

The flower girl was Debra Sue Pavillard, niece of the bride, who wore a copper taffeta dress and carried a small basket of white rose petals. Candles were lighted by Linda Kay Pavillard, niece of the bride, and Danny Ray Pavillard, nephews of the bride. Kay Pavillard wore a copper taffeta dress identical to the flower girl's.

Best man was Leo Rigsby of Texas A&M, and groomsmen were Jack C. Conatser of Dallas, brother of the groom, and Bobby Samuelson of Canyon.

Sharing the ushering duties were Ross Russell of Canyon and Orvel Luster of Wildorado, brothers-in-law of the groom.

#### Escorted by Father

Given in marriage by her father the bride wore a gown of white taffeta and rose point lace, styled with a fitted bodice, sabrina neckline adorned with pearls and sequins, long tapered sleeves, and a bouffant skirt with a large back bow. The skirt extended into a chapel sweep. Her headpiece was a half-hat of rose point lace trimmed with sequins and pearls, and her fingertip veil was of silk illusion.

She carried a cascade of white orchids encircled with white carnations and a prayer book.

The mother of the bride wore a navy blue dress trimmed with a lace neckline with white accessories. Her corsage was of red Garnet roses. The mother of the groom, Mrs. C. V. Conatser, wore royal blue with beige accessories.

Her corsage was also of red Garnet roses.

#### Reception Follows

A reception in the church followed the ceremony. Mrs. Ross Russell and Mrs. Orvel Luster, sisters of the groom, served at the bride's table. Miss Glenda Roberts registered the guests.

Also helping with the reception were Mrs. C. B. Ausmus, Miss Sarah Benham, Mrs. C. A. Narmore and Mrs. W. H. Narmore. Other out-of-town guests were Rev. and Mrs. Winifred Walker, Enid, Okla.; Mr. and Mrs. C. A. Narmore and son Larry, Lawton, Okla.; Mr. and Mrs. W. H. Narmore, Ardmore, Okla.; Mr. and Mrs. Jack Conatser and children from Dallas and Mr. and Mrs. J. D. Pavillard of Borger.

The bride chose a pale green suit trimmed with a grey fur collar and black accessories for the wedding trip.

Mrs. Conatser was graduated from Amarillo High School, had attended West Texas State College, and was employed in the bookkeeping department at the First National Bank in Amarillo.

Mr. Conatser is a graduate of Canyon High School and is attending Texas A&M, where he is classified as a senior, majoring in physics and English.

The couple are at home at College Station.

#### GAS RANGE

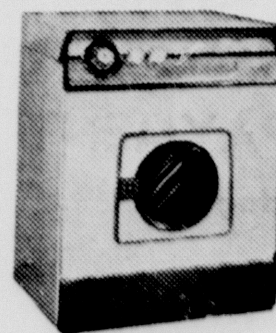

A cold winter's day... a streamlined kitchen filled with delightful food aromas... and mom relaxing in front of her favorite TV soap-box opera while an amazing automatic range tends to the pot-watching chores of cooking the family meal... Another amazing fact: Gas ranges cost less to buy... far less to operate!

GASLITE

#### GAS LIGHT

A frosty night with the warm and merry glow of a Gas Light by the front steps! It says the happiest things about a home—and it's so economical it can burn continually to welcome guests... warn trespassers. Useful as well as charming, Gas Lights provide ideal illumination along driveways, steps, swimming pools, patios. Wonderful for Christmas giving, too! Priced from \$49.50, installed.

## Eaglettes Thump Panhandle, 46-40

Patricia Salmon netted over half the points Tuesday night as the Canyon High School Eaglettes thumped Panhandle, 46-40, in a girls basketball tilt at the high school gym.

It was the second win over Panhandle for the Eaglettes, and brings their season record to three wins, no losses.

The girls beat Lockney last Friday, 57-44, with Pat Salmon again leading the way with 28 points.

Marilyn Winn was second high scorer in both games. In Tuesday night's game, she chalked up 20 points and tallied 10 points against Lockney.

The Eaglettes put their unbeaten string on the line Friday night, however, when they host the Wayland College Queen Bees. The Queen Bees are freshmen at the Plainview College.

## Community Center Officers Elected

Michael Morris was elected president of the Community Center Planning Council at a meeting on Tuesday night in the commissioners' courtroom.

Other officers elected were Riley Troth, vice president; Jean Loudner, secretary, and Mrs. Clyde W. Warwick, treasurer.

Plans are being made to either enlarge the Legion Hall or to enclose the swimming pool area to be used as a recreation facility.

Regular meetings will be held the third Tuesday of each month. All interested clubs are asked to send representatives to the meetings, and any other interested persons are invited to attend.

## Mother of Ray Metcalf Dies Sunday in Amarillo

## Council's Dinner Of Appreciation Set January 19

Byron Dees, camping and activities chairman of the Llano Estacado Council, announced the council will hold its annual Appreciation Dinner celebrating the 50th anniversary of scouting in America on January 19, 1960.

The dinner will be held at the First Baptist Church of Amarillo and will begin at 7 p. m.

Chester H. Lauck, executive assistant of the Continental Oil Company, will be the featured speaker. Lauck is best noted for his playing the part of "Lum," the lovable, backwoods Arkansas storekeeper and half of the popular "Lum and Abner" comedy team of radio.

Additional highlights of the affair will be the presentation of Silver Beaver awards. This is the highest award that can be bestowed on an adult worker in scouting.

Written invitations and tickets will be mailed to all scouts and guests December 10.

## A Self-Unloading Forage Wagon for Quick Side or Rear Delivery!

**JOHN DEERE 110 CHUCK WAGON MIXER FEEDER SAVES WORK...TIME...MONEY**

Put green feed or silage "just where you want it" . . . quickly . . . easily, with the self-unloading 110 Chuck Wagon. From side or rear, the 110 unloads in a jiffy into bunks, blowers, elevator hoppers, trench and bunker silos. It can be mounted on wagon running gear or truck bed to fit your particular feeding operation.

You can switch from side to rear delivery, or vice-versa, with the simple flip of a lever. Material is moved either forward or backward in the wagon box on a roller-chain apron conveyor powered by the tractor or truck. A ratchet drive controls speed of unloading. Five speeds for both side and rear unloading are easily selected right from the driver's seat. Get full details from us soon.

Charles Conatser, left, answers questions on soil and weather conditions asked by Marvin McClain, assistant secretary of agriculture, on last Thursday's tour of soil bank farms in the Panhandle. Over 340 of the 775 cropland acres of the Conatser and Wilson Brothers farm has been placed in soil bank. The farm was seeded in October, 1958, with crested wheatgrass. McClain saw 14 farms—eight of them in Randall County—on the one-day tour, along with some 100 area businessmen.

## Interstate Oil, Gas Compact

By Representative Walter Rogers  
18th Congressional District

In the busy days of the latter part of the last session of Congress while much controversial legislation was being considered, almost unnoticed was Congressional action which extended for four years the consent of Congress to a most worthwhile endeavor.

I speak of House Joint Resolution 280 which renews the authorization for signatory states to enter into a compact specifically designed and created for the promotion of oil and gas conservation.

Congress first gave consent to the establishment of such a compact in 1935, which compact was entered into at that time by the states of Texas, Oklahoma, New Mexico, Illinois, Colorado and Kansas.

#### Extended Six Times

Since 1935 the compact has been renewed and extended six times and now has 29 signatory states.

When, in 1935, the compact received first Congressional consent, it was hoped that the several oil-producing states would be able to effect conservation of this important natural resource, prevent its waste and give assistance to the petroleum industry in its effort to achieve a relatively stable balance. During the 24 years this compact has been in force, that hope has been fulfilled in substantial and ever-increasing degree.

It seems to me a compact such as this one is representative of the spirit of our form of government in that it preserves the rights of each separate state while enabling the several states to work together on a sound program which all of them accept and endorse.

#### No Use of Police

The compact involves no utilization of police power except if each participating state may choose to exercise police power within its own jurisdiction in accomplishing the general purpose to promote the maximum recovery from the petroleum resources of each state. The compact imposes no prohibition which each participating state does not voluntarily accept.

The compact does enable the signatory states to achieve the general purpose of conservation by cooperative and coordinated action beyond the capacity of independent action. The compact expressly states that nothing in it authorizes the participating states to limit the production of oil or gas for the purpose of stabilizing and fixing the price thereof, to create or perpetuate a monopoly or to promote regimentation.

#### Leader in Conservation

Since this interstate compact was first established, it has been the leader in the promulgation of sound conservation practices throughout most of the oil and gas producing states in the country. It has provided a forum where all contingents of the industry could present and resolve their common problems. Its influence has spread beyond the borders of this country, and many other oil producing countries have sought its guidance and counsel.

The foundation and work of this organization, it seems to me, is a splendid example of democracy at work, and I believe the Congress has done well to extend its authorization to September 1, 1936.

## Long to Receive Education Degree

Wilbert Henry Long of Canyon is a candidate for graduation at Southwestern Baptist Theological Seminary in Fort Worth at mid-winter commencement exercises on January 15.

Long is a graduate of West Texas State College with a bachelor of science degree in 1952, and received a bachelor of divinity from Southwestern in 1958. He is scheduled to receive a master of religious education.

Long is currently serving as pastor of the Addison Baptist Church. Dr. Evan Allard Reiff, president of Hardin-Simmons University, will deliver the commencement address in Truett Auditorium on the seminary campus.

## RAMBLING AROUND

By DOYLE G. THOMAS

ASC Office Manager

Cotton allotments for 1960 were mailed last week to each individual producer in Randall County. The county allotment for 1960 is 1972 acres compared to 2053.8 acres in 1959 or a 81.8-acre cut.

Since the law specifies that no allotment can be less than the 1958 allotment or 10 acres whichever is smaller, it was necessary that allotments of over 10 acres take the cut.

A referendum will be held December 15 to decide if cotton growers want marketing quotas on the 1960 crop. Polling places in Randall County will be at Ralph Switch and at the ASC Office in Canyon. If 2/3 of the voters are in favor of marketing quotas, then penalties would apply to farmers exceeding their allotment. In addition, cotton would be supported at not less than 75% of parity.

If quotas are rejected, then no penalties would apply to those farms exceeding the allotment, however, no price support would be available on these farms. Farmers planting within the allotment would have 50% of parity price supports.

Polls will be opened from 8 a.m. to 6 p.m. All persons who will have an interest in a cotton crop in 1960 are eligible to vote. Wives of eligible voters are also urged to vote.

The Soil Bank tour held last week was a success in our opinion. A lot of people saw the results of some very good work by the farmers. Grass on the farms of Bailey McCormick, Charles Conatser, C. H. Lowe, J. L. Markham, and Farmer Brown was viewed by the

# PAYOLA PROBE HAS EFFECT ON DISC JOCKEY PROGRAMS

By OSCAR GRIFFIN

The Congressional probe of payola in the record business seems to be having an effect on radio stations everywhere.

During the past week I've heard old songs by Johnny Ray, Patti Page, Jo Stafford, and Harry Belafonte, as well as June Christy.

The misty Miss Christy has plagued disc jockeys for many years. There seemed to be some sort of rule among disc jockeys that prevented them from playing more than one Christy recording during their stint at the mike.

But I heard her twice during a couple of hours on the same radio

station the other day.

I'll admit June Christy doesn't have a large following—when compared to Fabian, for instance—but her fans are as avid as any of Fabian's, and generally more adroit.

One of the comforts of this life, I think, is to sprawl out in a chair with a tall glass of sour mash and listen to Christy's "Midnight Sun" or "Something Cool."

There's really nothing wrong with rock 'n roll but an over-abundance of bad singers and bad performers. Elvis Presley, Ricky Nelson, Fats Domino, and several others get my juke box dimes as often as anyone else.

But deliver me from the likes of Sal Mineo, Tab Hunter, the Drifters, and the Fleetwoods.

It's like, man, I think that Christy's the kukiest you know.

Amarillo can have its "Mad Thad" Ansley. In Canyon, we've got "Francis Francis" Shell.

In last week's Canyon News, Francis Francis ran a large ad on pre-Christmas closeout items at The Pharmacy.

Among the items advertised, and Francis Francis' comments, were: Lightbulbs: "Help us get out of the hardware business."

Colognes: "If they smell like they sell, don't open in the store."

## Best Opponents Picked by Buffs

Three Virginia Tech and three Mississippi Southern players were chosen on West Texas State's all-opponent team selected by the Buffaloes.

The mythical lineup most respected by the Buffs would include:

Ends—Carroll Dale of Virginia Tech and Sammy Oates of Hardin-Simmons;

Tackles—Don Oakes of Virginia Tech and Byron Bradfute of Mississippi Southern;

Guards—Bill Carrieco of North Texas State and John Young of Texas Western;

Center—Sammy Stanger of North Texas State;

Quarterback—Don Fuell of Mississippi Southern;

Halfbacks—Alger Pugh of Virginia Tech and Pervis Atkins of New Mexico State;

Fullback—Buddy Supple of Mississippi Southern.

Carrieco was selected the best interior lineman, Dale the best end, and Pugh the best running back by the Buffs.

## Five-Mile Road Given to State For Maintenance

A five-mile stretch of unimproved road in Randall County has been given the Texas Highway Commission as the first step in the inauguration of a new two-year farm to market program for the state.

The Texas Highway Department will assume maintenance for the county built road between Highway 60 and FM Road 2219. The VFW hall is located along this road.

The project was selected by the State Highway Department after consultation with the Randall County Commissioners' Court. The court voted last week to let the state assume the maintenance on the road.

Thirty-nine cent sponge with free comb: "Buy the comb for ten cents and we'll give you the sponge."

Rubbing alcohol: "Rubs good."

Baby bottle sterilizer: "Originally designed to sell for \$7.95—now looks like and sells for \$2.00."

There are a lot of people look-

ing forward to another Francis ad.

Then there's the catechism teacher for St. Ann's Church here who asked her pupils to define prophet.

One bright youngster immediate-

ly shot up his hand to answer and was called on by the teacher.

"A prophet," he said, "is where you loan a man five dollars, and at the end of the year he pays you five dollars and twenty cents."

It took a while to get the youngster straightened out.

Half-time entertainment also is being planned this season. Tonight, football players Carroll Stafford and Leon Manley will coach opposing squads of freshman footballers in an unusual basketball tussle. The players will wear boxing gloves and football helmets. Thursday, Kappa Alpha Order's pledge "drill team" will perform in a comedy routine.

The Bufs lost to North Texas and Houston before nipping Midwestern, 85-84, in their opening road trip.

Coach LaFollette calls Midwestern a good solid ball club and a close game is expected tonight. Milt Fitts hit a field goal in the last six seconds to claim the win at Wichita Falls.

### Both Topped Bufs

Both Midwestern and Abilene Christian beat the Bufs at home last year and both have all top hands returning. The Indians edged West Texas, 71-68, on the Buff home court last season and

Abilene Christian walloped the Herd, 91-68.

West Texas is expected to start three seniors, a junior, and a sophomore against the Indians.

Gene King, 6-5 senior forward who is leading the Bufs in scoring after three games with a 16-point average, has hit an amazing 70 percent from the field.

### Fitts At Center

Right behind King in scoring is Milt Fitts, 6-5 senior who will be at center. Playing the other low post in Coach LaFollette's double post offense will be Jim Reid, 6-6 senior, and he will be spelled by Henry Hardaway, 6-3 soph who has looked good in early play.

The starting guards probably will be Keith Blair, 6-1 junior who did a good job as a regular last year, and David Seal, 6-2 soph who hails from Childress. Jim Curtsinger, 6-4 Hereford hot-shooting soph, also has seen a lot of action at Seal's position.

AUSTIN—Texas high courts began a new era of stately splendor with a double-barreled dedication of the massive granite Courts Building.

Court of Criminal Appeals dedi-

cated its chambers in the north wing, and the Supreme Court had another ceremony for its new home in the south wing.

Opening of the \$3,000,000 building represented a dream come true for the jurists and State Bar leaders who began talking of a courts building back in 1940, the year of the Supreme Court's 100th anniversary.

Supreme Court dates its origin to the days when Texas was still a republic and the first session was held January 13, 1840, in a private home in Austin. Court of Criminal Appeals was established in 1891 and is the oldest of the only three courts in the world of its type. It has final, exclusive jurisdiction in criminal matters.

In opening day addresses Bar leaders paid tribute to the courts and jurists through the years as guardians of the concept of government by law rather than by men.

Justices of both courts wore for the first time the black robes that will be their court attire from now on. Robes, said Supreme Court Chief Justice J. E. Hickman, are "not to satisfy our own vanity, but in recognition of the fact that we are beginning a new era in the court's history. . . . These elegant surroundings call for it. . . ."

Judge Hickman, who is planning to retire next year, had said some years ago when the building was still in the planning stage, that to preside in the new courts building was one of his most cherished hopes. When the day came, the elderly, revered jurist, admitted to having, among other emotions, a "nostalgic feeling" for the old courtroom where "the great jurists of the past had sat."

### Sure, But —

A majority of legislators, according to reports, have told Gov. Price Daniel they favor a pay raise for school teachers.

But from there on their statements — at least those that have been made public — contain little to encourage either the governor or the teachers.

Some say they would favor the raise only if it did not mean passing this, that or the other kind of tax. Some point to what they call the "improbability of success."

Almost all the lawmakers, it seems, would be more than willing to vote a teacher raise if the governor can come forward with a money-raising plan on which general agreement can be reached. But talk has been mostly of taxes, like the abandoned property tax and three-factor formula franchise tax, which ended in hopeless wrangling in the four sessions this year.

Some Capitol observers are predicting that Governor Daniel might pass up calling another session and put the blame on the legislators for not being willing to pitch in. This might be coupled with a challenge to the people to elect a different Legislature next time.

### Bowing Out

Announcements filtering in from over the state already indicate there'll be a number of new faces in the 57th Legislature when it meets in January, 1961.

Aside from the four who have resigned and will be replaced in special elections January 9, nearly a dozen representatives have said they will not ask re-election to the House.

In this group are Reps. Joe Ed Winfree, Houston; W. N. Woolsey, Corpus Christi; James S. Bates, Edinburg; Carl Conley, Raymondville; Ben D. Sudderth, Comanche; Oscar M. Laurel, Laredo; Zeke Zbrank, Daisetta; V. L. Ramsey, Beckville; Jerry Sadler, Palestine.

Some of these will be running for other offices or are hoping to.

Boat Registrations Lag  
Only about one out of every thousand Texas boat owners has thus far registered his craft under the new Water Safety Act.

State Highway Department reports that only 1,747 Certificates of Number have been issued for an estimated 212,000 Texas motorboats.

Deadline for registration is March 1, 1960. After April 1, 1960, the boat cannot be operated unless the Certificate of Number has been placed on each side of the bow.

Highway Department is not authorized to grant an extension in time and has urged boat owners to register now to avoid a pile-up

in March. Law applies to all boats with more than 10 horsepower operating in public waters. Applications can be made with any boat dealer or county tax collector.

Certificates issued now will be good until March 31, 1963.

There's A Difference  
A "juke box" is not a phonograph insofar as the new state sales tax on phonographs is concerned.

Atty. Gen. Will Wilson ruled that the 3 percent sales tax on phonographs, record players and hi-fi equipment does not apply to the coin-operated machines.

Coin-operated players are, however, subject to an occupation tax that was in effect before the new tax bill was passed.

Fifty Million in F-M Roads  
State Highway Department has authorized the spending of \$50,000,000 on farm-to-market roads in Texas.

Work is divided into three pro-

grams. First is designating county roads to become a part of the state F-M road system and providing funds for construction of these new roads.

Second project is the improvement of F-M roads built early in the farm road building program begun in 1949. Many of these, Commission Chairman Herbert C. Petry, Jr., pointed out, were built narrow and light in order to get as many miles of new roads as possible built quickly. These roads are showing wear and tear and need re-working to protect the investment.

Third phase of the operation is the day-to-day maintenance in a system now totaling 33,143 miles.

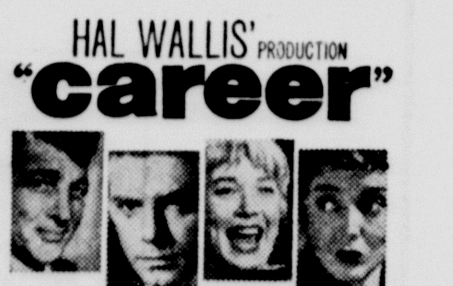

To finance the program the Department will use the \$30,000,000 appropriated every two years by the Colson-Briscoe Farm-to-Market Road Act and \$20,000,000 from gasoline tax revenues available for the betterment of the state road system.

## WT's A Cappella Choir to Present Christmas Concert Sunday at BIT

West Texas State College's A Cappella Choir, directed by Dr. Houston Bright, will present a Christmas concert Sunday at 3 p.m. in the Branding Iron Theatre in the Fine Arts Building.

The public is invited. The 65 voice group will return Friday from a five-day concert tour of the Panhandle and South Plains. Its concert season opened last Sunday in Amarillo at the St. Paul's Methodist Church.

### Performed in Cities

The choir also performed in Tulsa, Dimmitt, Hereford, Littlefield, Abilene, Memphis, Shamrock, Pampa, Canadian, Phillips, and Panhandle.

Included in the choir's repertoire will be sacred songs by Bach and Tchaikovsky, modern secular part songs, some Christmas carols, and novelties. A featured ensemble will be the WT Madrigal Singers, coached by Royal Brantley, assistant professor of music.

Featured soloists are Christine McFarlin of Dumas, a soprano, Sari Lynne Pitts, mezzo from Wichita Falls, Barbara Hunn, soprano from Wichita Falls, and Larry

Jones, Amarillo baritone.

### Noted Vocal Group

WT's A Cappella Choir has become one of the most noted vocal groups of the Southwest, appearing in concerts on tour twice a year, assisting operatic companies performing in Amarillo, and appearing in individual concerts and on television.

Conductor of the choir, Dr. Bright, has earned fame throughout the Southwest and the nation as a composer of choral music, piano and instrumental numbers, and selections for band and orchestra.

More than two dozen of his choral works have been published, and a number of these are used annually by high school choirs in Interscholastic League competition. His latest composition, "Winter Night on the Mountain," will be in the choir's repertoire.

Mrs. Jack Livesay and children, Greg and Ellen, left Wednesday morning by plane for San Francisco where they will board a Japanese plane to fly to Japan to join Mr. Livesay.

## Mrs. Keller Hostess To Pleasantview Club

Mrs. M. A. Keller was hostess to the Pleasantview Home Demonstration Club when it met recently. Mrs. John Jennings presided at the business session.

Roll call was answered by the members and visitors giving new ideas on Christmas decorations in the home.

Mrs. Mona Hildreth, home demonstration agent, presented ideas on decorating for Christmas and on gifts.

Mrs. A. L. King and Mrs. Lynn Blewett were visitors. Seven members were present.

A Christmas party to exchange gifts and reveal secret pals will be held in the home of Mrs. R. A. Hodges on December 19 at 2:30 p. m.

The group will host a dinner party honoring their husbands on Monday, December 21, at the home of Mrs. B. L. Hufnagle.

## Mrs. Danner Will Host Amity Club

Mrs. C. I. Danner will be the hostess for the Amity Club meeting Friday, December 11, at 2:30 p. m. All members are urged to be present for the Christmas party.

## January Meeting Called by Posse

An organizational meeting of the Randall County Sheriff's Posse will be held January 4 in the commissioners' courtroom of the court house, it was announced this week.

Some 21 persons attended a preliminary meeting last Wednesday, and a "lot of interest was shown" in a sheriff's posse for the county, R. B. Allen, temporary chairman, said.

Allen and Earl Reynolds were appointed by the group to act as temporary chairman to get the posse organized.

Allen said that anyone interested in the posse should be at the January 4 meeting, when dues, qualifications, and other important matters will be discussed.

Officers also will be elected at the meeting, Allen said.

Members of the Randall County Sheriff's Posse would become honorary deputies to the sheriff's department and could assist the sheriff in law enforcement duties where horses are required, Allen said.

Promises may make friends, but it takes performance to keep them.

By MRS. J. W. WESLEY

Mr. and Mrs. G. E. Wesley were in Tulia and Canyon Monday on business.

Mr. and Mrs. J. W. Wesley visited Monday morning with S. A. Mans.

We are sorry to hear of the death of the infant daughter of Mr. and Mrs. Toby Camps. Mrs. Camps will be remembered as the daughter of Mr. and Mrs. Artie Pearson.

E. P. Wesley of Amarillo is visiting his brother, J. W. Wesley, this week.

Vergea Liston returned from a visit with her children in Salt Lake City, Utah, Sunday evening. She reports a nice time and not too much snow.

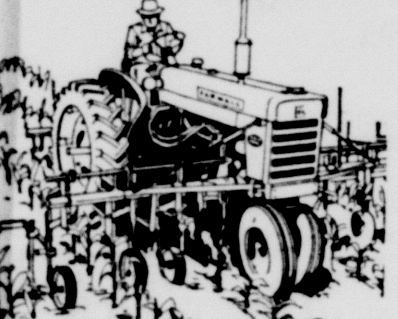

Jimmie Don and Darla Ann Whitson and Susie Wesley of Brownfield came by bus Wednesday evening to visit their grandparents, Mr. and Mrs. J. W. Wesley. Mr. and Mrs. Wesley went to Brownfield Sunday morning to take their grandchildren home and to visit their children, Mr. and Mrs. E. E. Wesley and Mr. and Mrs. D. L. Whitson.

Darla Ann Whitson had an appendicitis attack Monday morning and was confined to a hospital Monday night. She was released Tuesday.

Mr. and Mrs. Richard Evans are vacationing. They will be gone until after January 1.

Sorry to have to report the death of Mrs. Ed Moore. She passed away last Friday after a lengthy illness.

## Census of Farms Half Completed

The 1959 Census of Agriculture is about 50 percent completed in this area, it was announced this week by Field Director James W. Stroud of the Census Bureau's regional office at Dallas.

The census official said he was well pleased with the cooperation the census takers are receiving from farmers in the area and has high hopes of completing the canvass within the next 10 days.

He pointed out that the field canvass of farms is one of the larger costs of the census and that cooperation of farmers in completing questionnaires promptly will be a vital factor in keeping down the final cost of the undertaking.

Quick completion of the census will not only help in keeping costs down but will aid in prompt publication of the results, the field director said. He urged local farmers who have not already done so to complete the census questionnaire and have it ready when the census taker calls.

Mr. and Mrs. G. E. Wesley, Mr. and Mrs. Jerry Shipman, Mr. and Mrs. Hollis Shipman visited at El Paso from Wednesday evening until Sunday with Mr. and Mrs. Bobby Gauthreaux and baby, Nan, and Mr. and Mrs. Ervin Wilson.

G. E. Wesley helped John Patterson on the foundation of his house Monday.

Woodrow Wesley had the misfortune of tearing up George Dinny's truck while crossing the Hamblen drive.

Mrs. Woodrow Wesley was being checked by a doctor in Amarillo one day last week.

L. G. Airhart's store was robbed Thanksgiving evening. The safe, along with several hundred dollars in checks and a small amount of change was taken.

C. P. and Frank Rogers have been busy sowing wheat and barley.

Word from Mrs. E. M. Wilson indicates they plan to come home soon as it is colder in Austin than it is here.

Brother and Mrs. Charles Pierce and Chuck were Sunday visitors with the J. W. Wesleys.

Frank Rogers visited Saturday night and Sunday in the home of his sister, Mrs. Kate Folk, in Canyon.

Mr. and Mrs. H. R. Wesley have bought a home in Amarillo and came for his father, E. P. Wesley, who will make his home with them.

Darla Ann Whitson, granddaughter of Mr. and Mrs. J. W. Wesley, underwent surgery in a Littlefield hospital for appendicitis last Wednesday and was doing fine at last report.

We were happy to welcome visitors to church Sunday from Tulia and Canyon.

We will have our annual Christmas tree at the church Christmas eve. We would appreciate all the help we can get in decorating the tree and with the program and getting the tree out of the canyons.

Pat Pierce had a painful accident. When she was opening a Coke bottle, she struck her hand on the cap. It required three stitches to close it.

## SOIL CONSERVATION DISTRICT NEWS

By O. B. RUSSELL  
Agricultural Engineer  
Soil Conservation Service  
Panhandle, Texas

Irrigation farming is a business. It, like any other business, must show a profit to succeed. The irrigation farmer can do much as manager of his business (his irrigated farm) to make it a long lasting success.

Two important essentials in irrigation farming are soil and water. The use of these can play an important part in the successful operation and life of the irrigated farm. Farmers who irrigate or who plan to irrigate are therefore vitally interested in the economical use of both soil and water.

How fast water will penetrate into the soil, how much water the soil will hold to a depth normally considered as the root zone of the crop, and how much water can be drawn from the root zone efficiently by the crop is information well worth knowing. If the water requirements of the crops to be grown, water losses from seepage and evaporation, and output of the well and pump are known, a fairly close estimate of the acres that can be irrigated efficiently may be made.

Soil Conservation Service technicians can furnish much valuable information on intake rates and water holding capacities of the various soils that are present on the farms in the irrigated areas. They also have information on water requirements of the locally grown crops in the Soil Conservation Districts they assist. The above information, together with guidance and suggestions on testing the soil for moisture available to the crops, efficient lengths of irrigation runs, efficient grades of furrows or borders and suitable rates of application of irrigation water may be had by district co-operators for the asking.

Some land is too rough or too steep for efficient irrigation. Shallow soil may not be capable of the sustained high production needed to make it economically feasible for irrigation. There again your Soil Conservation Service technician may be called upon. He can give technical advice on the feasibility of land leveling or the capa-

bility of our many types of soil for sustained high production under various treatments designed to maintain fertility and hold erosion to a minimum.

The irrigation water distribution system on a farm also plays an important role in its economy. Will loss of water from seepage and evaporation, and soil losses from erosion in earth ditches warrant the installation of lined ditches, or portable or underground pipe?

If so, and an improved distribution system is installed, planning for future expansion beforehand is very important. A lined ditch designed to carry the amount of water needed and available now would not be large enough to carry twice that amount of water in case

the water supply is doubled and additional land placed under irrigation. Where pipelines are used for distribution, additional pumping costs over a period of years might well exceed the cost of installing a larger line in the beginning.

More detailed information regarding seepage and evaporation, feasibility and design of lined channels and irrigation pipelines is available from Soil Conservation Service technicians, county agricultural agents, and humorous other sources.

Knowing the land, the crops and their needs can mean a more successful business of irrigation farming now and for years to come.

## Check Cars Now For Merry Yule

"Motor vehicle inspections should be obtained now to avoid the last minute rushes," Capt. Alan Johnson, motor vehicle inspection supervisor in this region, said.

Johnson reminded motorists that their motor vehicles must be inspected if the vehicle is registered in Texas, regardless of the age of the vehicle. The official inspection period is from September 1 through April 15, 1960.

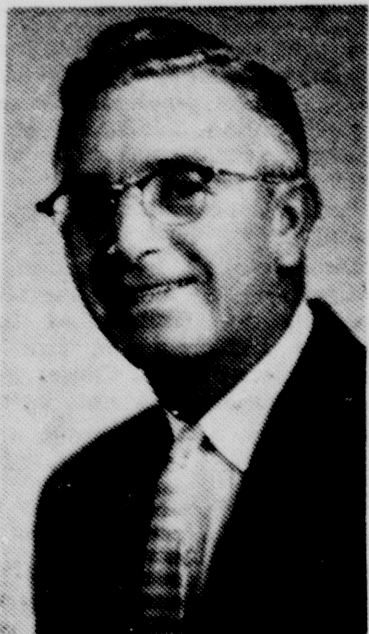

He stated that all miniature automobiles and scooters being used by youngsters must be inspected

and registered and the operator have a Texas drivers license if they are legally operating on public streets.

Captain Johnson said that since the start of the inspection program in 1952, the state's traffic deaths have been reduced by 10 percent. He said only four percent of the fatal crashes in 1958 involved a motor vehicle with a defect that was a causative factor to the death crash. Only six percent of the non-fatal crashes involved vehicles with defects that were causative factors.

Captain Johnson pointed out that there are a half million vehicles in the 60 counties of the Department of Public Safety's Region No. 5 and over 600 inspection stations.

He reminded that an inspection sticker obtained now may reveal a vehicle defect that would otherwise destroy a very merry Christmas and a happy New Year for some family.

A committee composed of volunteer P-TA members gave the school hall a coat of paint during the Thanksgiving weekend. New drapes will be hung during the week, and lunch tables will be retopped with a non-scratch material.

Ted Springer, representative of the 94th Flatorial District, composed of Carson, Armstrong, Randall, and Potter counties, today announced his candidacy for re-election, subject to the Democratic Primary May 7, 1960.

Springer, who resides at 1314 Bellaire, in Amarillo, said, "I am running solely on the record I have established in Austin in the past and in the firm belief my judgment and knowledge of legislative matters is mature enough to guide me in the future. As in my original promise, if I am re-elected, I will continue my program of representation for all the four-county area with obligation to none."

Springer, whose slogan continues to be "Stay Ahead With Ted," readily admits the tax problem is serious in Texas and believes an entire new taxation structure eventually will be the solution.

"I am studying the report of the Texas State Tax Study Commission in an attempt to learn if state revenue can be increased in a fair and impartial manner," he said.

Springer is an employee of The Amarillo Globe-Times and has worked on several newspapers in the area. He moved to Amarillo in 1945. He was born on a farm in Chickasaw County, Miss., in 1913, moving to Randall County in 1921.

The Springers are members of the First Baptist Church in Amarillo and have a 12-year-old son, Larry.

Mrs. Milton V. Bachman gave a book review, "Mrs. Harris Goes to Paris," at the AAUW luncheon Saturday in the elementary school cafeteria. The program was arranged around the theme "Visit to Paris."

**Farmer's Tax Guide Available at Agent's**

A Farmer's Tax Guide, prepared by the Internal Revenue Service, is available at the office of John Brazzil, county agent.

The free guides offer assistance to farmers, ranchers, and those who make out farm returns. Brazzil said a copy may be obtained by dropping by his office.

Sometimes we women get our hands out of the sink and our heads out of the deep freeze long enough to try to catch up on world affairs. We read a disturbing article about some major crisis — then with true feminine unpredictability

come up with an absurd reaction. Last week we read about the threatening rise in world population. This is really disturbing! Seems it took the world about 5,000 years to get the first billion population. But it took only 100 years to double that. Now comes the depressing news that soon we'll begin doubling these increasing billions every 40 years!

And while we won't be around to worry about it, in just 730 years more, human beings will be packed so tightly, the magazine says, that each one will have a quota of only about one square foot in which to live.

For those of us in the great open

spaces — and golfers — this seems incredible! But even if it could happen, it wouldn't be so hard on the 'haves'. Their living space would doubtless run two, or even three, square feet. But what about the luckless fellows who don't even shoot par?

We are happy that the mortality rate among infants has been greatly reduced. We are delighted that old people are living longer. We wish we could have all these benefits and not get so darned crowded.

But do you know what really worries us? What WILL people do who have trouble remembering names!

## Wilson Outlines Cadet Program

The Air Force offers a solution to a problem faced by many young people unable to attend or complete college due to financial reasons, according to M/Sgt. Fred Wilson of the local Air Force recruiting office.

With the advances of the jet age, participation in an Air Force training program compares in many respects to scientific instruction at university level, Sgt. Wilson said. In addition, the person completing the training has a good start on a career if he chooses to remain in the Air Force.

As an example Sgt. Wilson cited the Aviation Cadet Program, which offers pilot and navigator training and rewards the student a second lieutenant's commission on graduation.

This program, which traditionally provides the Air Force with a source of leadership, is open to young men 19 to 26 and one-half years of age. A college degree or some college work is desirable, but a high school diploma will be accepted as a minimum requirement.

Sgt. Wilson said the technicians

The engagement and approaching marriage of their daughter, Ernestine, to Jerry Costly, son of Mr. and Mrs. Glen Costley of Canyon, has been announced by Mr. and Mrs. C. H. Pond of Harrison, Ark. The wedding will be February 14 in the Central Church of Christ. Miss Pond is a graduate of Canyon High School and a beauty school in Amarillo.

trained and schooled in the Air Force represents—on the average—an \$18,000 investment in professional competence.

## Glen Ray Metcalf, Virginia Friemel Named 4-H Gold Star Winners

Glen Ray Metcalf and Virginia Friemel were named Randall County's Gold Star Boy and Girl at Saturday night's 4-H Achievement Banquet in the American Legion Hall.

Son of Mr. and Mrs. Ray Metcalf, Glen Ray, 15, is a freshman at Canyon High School. He has been in 4-H work five years, and has shown livestock at the county shows each year. His projects include swine and crops. Glen Ray has attended the district and county 4-H camps.

Virginia, the daughter of Mr. and Mrs. Alvin Friemel of Umbarger, has been in club work six years, entering six county dress revues and winning first place in her division each time. This year she placed in the district dress revue and went to the state competition. Virginia, 15, won the county bake show in 1955 and placed second in the Tri-State Fair. She is co-chairman of the Randall County 4-H

committee.

Guest speaker was E. E. Plank of Canyon, who spoke on "Tomorrow Belongs to the Club Members of Today." Guests included Mrs. Plank, Mr. and Mrs. Glenn Beckman, Mr. and Mrs. Clarence Beckman, and Mr. and Mrs. Charles V. Conatser.

Mrs. Lewis Tucek, Mrs. Alvin Friemel, Mrs. Joe Wieck, and Mrs. Forrest Gruner, 4-H leaders, planned the banquet and presented a 4-H pin to each boy and girl. They also presented gifts to the Gold Star Boy and Girl and to Linda Kay Metcalf, who won the baking award, and Patricia Salmon, achievement award.

Other winners were dairy foods, Ann Fisher, Janie Fisher, and Lucy Tucek; dress revue, Virginia Friemel and Patricia Salmon; food preparation, Linda Kay Metcalf, Beatrice Wieck, Sharon Cramer, and Sue Wieck; achievement, Willie

Wieck and Doyle Bryan.

Boys agricultural award, Deon Bryan, Phil Fletcher, Claiborn Crain, and Alfred Buecker; dairy, Edward B. Hinders; field crops, Johnny Batenhorst, Stevie Wieck, and Johnny Kuehler; garden, Mark Lair and Jon Lair.

Home improvement, Bill Miller; soil and water conservation, Allan Fletcher; swine, Larry Parsons, Bob Gruner, Bernard Buecker, and Wayne Friemel; beef cattle, Eugene Bonds, Chester Hales, and Gary Fletcher; wildlife, Eugene Blasdel; and range management, Jimmie Wieck.

The Gold Star Boy and Girl, along with their parents, will attend a district Gold Star banquet in Amarillo Saturday. Also attending the banquet, to be held at William B. Travis Junior High, will be Mr. and Mrs. John Brazzil and Mr. and Mrs. Wayne Hildreth. About 250 persons are expected at the event, sponsored by the rural electric cooperatives at Dalhart, Hereford, Wellington, and Peryton.
